

The Intimacy Project

BREAKAWAY TO BELIZE

10.8.22 - 10.15.22

UNPLUG TO RECONNECT...

In life, we are often haunted by the shades of our personality, conflicted, staying within the safety of conformity versus braving the deeper, darker unknown. Dare we visit the depths of our being? As we call on our soul's experience, we engage with the darker more daring shades that exhilarate life.

Embark on this retreat to Belize with Anamorphic Catalyst, Therèsa Fernand. This immersive journey is the latest eventure. An experiential awakening realized through an expanded view. As your experiential intuitive interpreter, she will facilitate group think, motivating, moving, and inspiration by sharing knowledge, stories, thought-provoking conversations, and experiences, all asking you to challenge your very belief systems.

Discover the Sensualist Within.

You know, the YOU that's seeking, searching, wanting, needing something, because you'll feel better in the having of it? "If this would change, then I'll feel better." We all look through our own lens of experience subconsciously succumbing to limiting beliefs and patterns. We change jobs, partners, residence, yet we find ourselves in constant discontentment; unmoved, unmotivated, and uninspired in a self-imposed cage.

Who were we before our stories?

Theresa's 360° approach to true transformative healing begins in the mind. It tells the body how to think, feel, heal, and grow. Most of the time the physical body will not even know the difference, it's the brain that tells you how to respond and react to a situation, and then the body follows. We seek counsel, intuitive advisement, and guidance motivated by our inherent need to feel better under the guise that we need to fix our brokenness and change our ways. We are taught to focus on the very issues that cause the suffering, versus reaching for a new perspective.

Let's rewrite your story.

The Intimacy Project Experience

On the retreat, you will be provided with insight, tools, and experiences equipping you with a new story, a renewed sense of purpose to live fully self-expressed in an expansive thought-provoking manner. You'll do this as we explore things through all of our senses, experiencing sites, sounds, tastes, feelings, and the true energy of things. Breathe in the fresh ocean air and experience a deep connection through all of your senses. Explore your innate wisdom and learn to tap into it more effectively to navigate your inner being. This all-inclusive resort experience has been carefully curated to provide a true sense of freedom and healing within this beautiful island destination.

A woman in a yellow and white patterned bikini is sitting on a purple and white striped hammock. The hammock is strung across a wooden deck. Above the deck is a large, conical thatched roof made of dried palm fronds. The deck is supported by wooden posts and is situated over clear, turquoise water. In the background, there are lush green trees and a clear blue sky with a few white clouds. The entire scene is framed by a semi-transparent white rectangle.
